President Biden
1600 Pennsylvania Ave NW
Washington, DC 20500

Dear President Biden,

I feel very bad about what you had to go through since October 7.

Netanyahu is a bully. He belongs with Trump, not with a gentleman like you. You treated him with respect; he treated you with contempt. He never listened to anything you said. He marginalized you and rendered you impotent. In the end, he destroyed you. What happened when you debated Trump was a direct result of what Netanyahu had done to you. You cannot be a gentleman with a bully. He will destroy you. He did not share any of your humanitarian concerns. He would have gladly exterminated the entire Palestinian population in order to avenge October 7. What imposed some restraint upon him was the appalled world opinion. The majority of the American political leaders remained silent. When some students had the audacity to feel for what our bombs were doing to the civilian population, they were silenced by Congress, and our Holy Inquisition forced the presidents of our most respectable universities to resign. Shame on America!

But it is never too late to do the right thing. You can redeem yourself and reprimand our elected officials for their hardness of heart. You are still the President. Act presidential. Marginalize Netanyahu and deal directly with the Palestinian people. They have suffered enough at the heavy hand of Israeli domination and hatred. Be their Moses. Free them from today's heirs of the Egyptian Pharaoh. Take them to their Promised Land. Give them their independent and viable state.

Sincerely yours,
